

The owners of 420 Summit Street (Mr. & Mrs. Max Hoots) have decided not to apply for rezoning of this property as we discussed in our last general meeting. In the event of any further activity, you will be promptly notified.

As Jon DeVries of Crystal Towers Neighborhood Association reported in our general meeting, their proposal for rezoning a large part of their area from R-1 to R-2 will be brought before the Board of Aldermen next Monday, September 22 at 7:30 P. M. in the Board of Aldermen Council Chamber at City Hall. We urge each one of you to call or preferably, write your Aldermen right now to support the rezoning. As you recall, three years ago we rezoned a large part of West End in the same manner. Your Aldermen are:

South Ward Mrs. Ernestine Wilson
3045 Konnoak Drive
Phone--788-6063

North West Ward Mr. John Palmer
4220 Witherow Road
Phone--725-7124

Also call or write the other Aldermen to express our support for this rezoning.

Our "Scene 76" Fall Festival directed by Ellen Yarborough will be held Saturday October 11. Keep this date open as the entire city would like us to be a model for other "Scene 76" events and festivals. More later on this! Call Ellen at 722-2785 or 727-2024 extension 54 to offer your help.

Our next general meeting will be Thursday night, October 9 and we will hear Mr. Robert Kirby, President of the Fan District in Richmond, Virginia. The Fan District is a similar area of residential setting undergoing restoration for a number of years. Keep this meeting in mind also.

Board of Aldermen
